

Annotated Marked-up Drawing

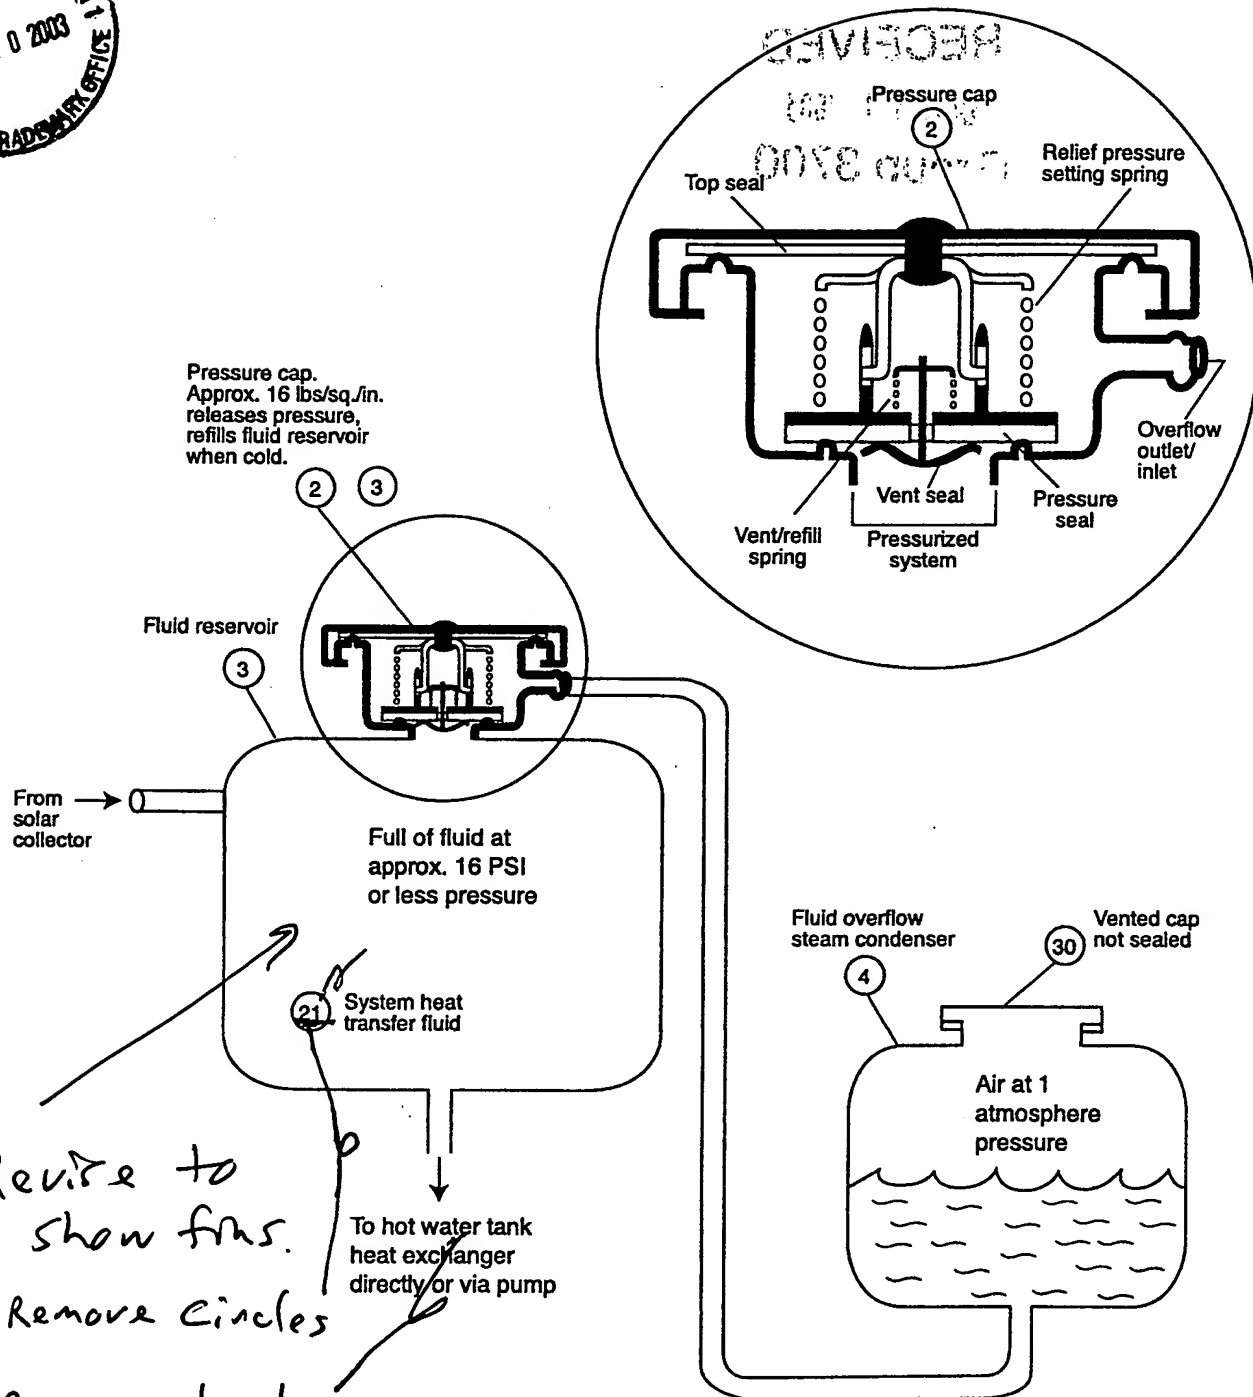

1. Make all cutaway drawings
2. Remove circles
3. Remove Text
4. Renumber

Figure 1. High Temperature Pressurized Loop (HTPL) Solar Heat Transfer System

Annotated Marked-up Drawing

4 through 1. use

1. Revise to show frms.
2. Remove circles
3. Remove text

Figure 2. Pressurizing and Fluid Recovery System

4. Renumber.

BLB-05-92396, Rev. 2/22/02

Figure 3. Pressure Actuated Collector Cooling System which allows air to cool the collector if fluid flow stops or is not enough to stop boiling

BLB-09 -92396, Rev. 9/24/01

50 of 51

1. Put on Separate Figure 5.
2. Remove Circles
3. Remove Text
4. Re number.

Annotated Marked-Up Drawing

1. Revise Radiator
to show one tube
with fins.

2. Remove circles

3. Remove text

4. Renumber

Figure 4. Boiling Activated Collector Over Temperature Protection System

BLB-08 -92396, Rev. 2/22/02
